General Report Comments: I was given access to enter the school when I arrived at the gate. Jeff who was the actual caregiver of the dogs was not available at the school. Because we have his details on our records I got a hold of Mr. Jeff Chamano to find out why he is still keeping and using the dogs for safeguarding without a license. He said to me that the schools are still closed. Mr. Chamano claimed he was still in the process of getting a valid PAPA license but yet still working the dogs. There were also faeces (old and new) in the cage which I told him that they appeared to haven't been cleaned. He said to me he will organize someone to come and fetch the dogs. I left him a warning note for the issues regarding the dogs at the school property.
