ANIMALS IN GOOD CONDITION	No *** The mom dog appeared to be slightly underweight
VETERINARY PROBLEMS / HEALTH CO	No

General Report Comments: The mom dog appeared to be slightly underweight the reason is because it is breastfeeding 5 puppies. I had to educate the owner to feed the mom dog 3 times a day. I spoke to her about sterilising the dogs and she told me that she will speak to her husband when the puppies are 2 months old he was planning to surrender to the Sandton SPCA and he needs to sterilise the one he he will be left with.
