General Report Comments: At the property, there were a few people renting the house. When I hooted at the gate, a lady who was one of the tenants responded and asked about any available dogs on the property and the lady confirmed that there is one dog and she went on to call the owner for me. The owner, Mr Joly Sabua came to attend to my visit. I explained the reason for my visit but Mr Sabua only admitted to the dog running out once when one of the co-tenants was going out. He owns a light tan and white, 1y 4-month-old, male(intact) Pitbull which appeared to be in acceptable physical condition. Water, food and adequate shelter (indoors) were provided. I advised the owner to always supervise the dogs movements to avoid any unsupervised movements into the street. I have arranged with Mr. Sabua to get his dog neutered sometime soon
