General Report Comments: Upon arrival 9 Greyhound dogs were observed inside the property. The dogs appeared to be in good condition. They kept the dogs at the back of the property behind the shacks and they told me people steals them. The owner of the dogs Isaac Shongwe denied that he was skinning some dogs and told me that his son and his friends were were skinning a duiker. He had to show me the skin and told me that they already cooked the meat. I did not see clearly if the skin can show if the animals suffered unnecessary when it was slaughtered or killed . The old men told me that the duiker was brought from KwaZulu-Natal in Vryheid by his son and friends . I asked him if they had a permit for hunting and he told me that he does not know. As I was busy asking came about 6 men who were drunk and told me that i need to come on weekend or at night after 18h30 he will be around. I told the man i will come Wednesday or Saturday.
