General Report Comments: Upon arrival at the property I discovered that the address was the address where victim dog lived. The owner of the deceased dog gave me permission to enter the property to see his dead dog. It was a difficult sight to experience. The dog had been ripped and mauled to death. The one part face skin was completely gone.

I proceeded to the property where the dogs resided: 20 Standrich Avenue, Cyrildene. I met with the person who told me that the owner of the property was not present. He said his name was Girma. The name was the same as the one given as the owner of the dog but he said he was not the owner. He gave me permission to enter the premises.

Upon entry I found the two Pitbulls locked in small cage without provision of water and both appeared to be limping and full of blood. I instructed the Girma to provide water for the dogs immediately which he did.

A warning was issued instructing the owner to contact me urgently or within 24 hours to discuss the matter about his dogs as well as to take them to a vet within 24 hours.
