CHECKLISTS

General Report Comments: Arrived at the park, searched and surveyed the place reported but no such body of a dog was found. The witness could not come to park as she was still recovering when I phoned her. She said the body must be next to a Mulberry tree. I asked a guy named Bongani Zuma (seen on one of the picture) who frequents the park by storing his recyclable matter at the park next to the place of the incident who said he never seen or smelt any carcass at the park. No body was dead body was found during the investigation.
