General Report Comments: I arrived at the Observatory Sports Club and I was directed to the Bunny Hop Haven by the security guard. I went to the Haven where I found guys doing maintenance and housekeeping. A gentleman named Dewald Scholtz attended to me when I arrived at the gate. I explained the reason for my visit and he took me in to view the living conditions of all the animals and the tortoises in question. I viewed the tortoises, one of them had marked eyes and appeared to be sick. I issued them with a written warning to take the tortoise and seek medical or veterinary treatment within 24 hours. All other animals showed a fair living condition. To follow up in 24 hours
