General Report Comments: The is no welfare concerns during my inspection. Mr P. Manikonda has more than one property and did say his running a business in this property and the are people who stay there and taking care of his dog when he not there and said he takes the dog at Wendywood vet for vaccination , deworms and grooming. The dog has been staying in that property for 4 years and his other dog died. They use to be two dogs and his planning to get another one I told him to adopt not get from a breeder this time and agreed.
Apparently the neighbor dogs behind and Mr Manikonda dog keep on barking each other from the wall sometimes and I told him the is nothing I can do stop the barking of the dogs it's natural. And it's good for the dog to be roaming free not confine.
