General Report Comments: At the property, I knocked on the gate and the lady(mentioned above) of the house opened for me after I explained the reason for my visit. They own an adult, tan and black-spotted, 1-year-4-month-old, cross Boerboel dog that appeared to be in acceptable physical condition. The dog was free roaming in the yard and sleeps indoors. I was showed bedding and a couch that the dog uses for sleeping. Potable water was provided for the dog as well. No violation of the APA was found. I arranged with the owner to have the dog neutered on the next Thursday of our outreach . To contact the owner on the next Wednesday for arrangements .
