General Report Comments: On arrival at the building, I was showed the lobby to speak to the security guard regarding the abandoned cats. One of the guards, escorted me to the complainant's apartment who took to apartment #217 Vistaero, 12 Mitchell Street, Berea. The complainant showed us that he had been feeding the cats in the apartment since the owners took off. Food and water bowls were put down by the complainant for the cats but the room was messy and disorganized. I was told that the owner had been on the run for a few months as they are trouble with the law. They said that the owners were deep in arrears on their bills. The complainant signed over the cats to us as abandoned. There was a fish tank as well containing fish but the complainant offered to keep the tank claiming he once owned a pet shop and well informed about their care. I realized how stressful it may become for the fish if I were to fetch in a running fish tank. So therefore, I let him take the tank as he lives one floor up from the apartment. The cats were impounded awaiting owners' claim in 7 days.

ACTIONS
