Comments: I phoned Mr Tromp when I was in the area to try and make an appointment to meet him so I can check on the cat, 'Abby'. He told me that the actual owner, Mr Stefanus Nel came to take the cat to keep her with him. He gave me the owner's contact details. I contacted Mr Nel at approximately 10:15, and he informed me that the cat was later diagnosed with a type of skin cancer at the Menlyn Animal Clinic yesterday. He said that he will send me proof of treatment from the clinic as he was recommended to take the cat to the Onestepoort Animal Hospital for an intensive treatment of the cat.

Proof of treatment was sent to me via WhatsApp (see attached)
