Comments:	The dog was found in the far mid-section of the former landfill site tied up to a tree on a short wire fixed to a green control collar. The complainant gave water to what appeared to be a slightly underweight lactating cross Pitbull bitch. She was found in a very secluded, bushy place and she was noticed whimpering for help by the workers from Linbro Fitness Park. The dog was removed from the site and taken to the Sandton SPCA pound.
