**Comments:** I contacted Mr Stefan Steyn said that he does private trapping of feral cats and deals with problem animals. He said he is based in Pretoria but operates with no area boundaries. He claimed in his defense that he does everything 'aboveboard' but was not willing to share his information because he wasn't sure who I am to give private information. He became cagey about his operations when I enquired about his address claiming he is an independent trader. He claimed that he takes the cats to the Centurion SPCA having caught them.

Later on, at approximately 09:50, I contacted the Centurion SPCA and spoke to Gwen who did not know about this individual, named Stefan Steyn but wanted to double-check with their feral cat dealers who frequents their SPCA, named Elize and get back to me. Gwen came back to me at 10:35 saying they know no one by the name Stefan Steyn bringing in feral cats. Stefan Steyn appeared to have provided me with misleading information. I'll be following up with Excellerate JHI soon.
