Comments:	I met Earl Hoffman, the facility and maintenance manager, after I haven't received any response from them at the block A of the office park. He explained to me that the person directly dealing with the matter is in their legal and services department, Candice who was on leave coming on the 9 Oct. He said he was not at liberty give me any response at that moment because they are busy formulating a response to my email regarding the matter. I informed Mr Hoffman that there is a injured cat that I noticed the last time I was there. I insisted on checking out the cat with an injured leg and Mr Hoffman accompanied me to where the cat hangs around often. The cat appeared to be putting less of weight on the limping leg and I requested to trap the cat the next day. To put down the trap tomorrow
