Comments:	I couldn't find the owner when I got to the house. A fellow tenant of the dog owner said who is also renting out the house at the back is the one who has dogs kept at the back of the house. He wouldn't let me into the house unless I was going to be speaking to the owner of the dogs who was not present. I asked him for the owner's phone number, but he said he didn't have it. I left him a written Warning note for the owner to call me within 24 hours regarding claims made by the complainant. To follow up tomorrow.
