General Report Comments: On arrival at the property, I met the helper of the house who said that the owners' were away on holiday. She phoned the owner's mother who consented my entry. There was 1 dog and a cat that both stayed indoors. They appeared to be in a fair condition. The helper told me that the dog, "Lexi" barks very often when she gets the attention of the neighbour's dogs through the boundary wall. The cat had a few sore on the face but they appeared to have been shaved. The helper was not so sure if the cat had been to a vet or taking any treatment. I left a my contact number with Esther for the owner to call me.
