General Report Comments: There were 6 cattle outside the coomplex named Fish Eagle grazing on a open land. I phoned Razeena Essop, Mr Essop's daughter to find out whether they have any livestock grazing on any public grounds. She gave me the caretaker, Rafiki's phone number. I contacted Rafiki who said he was no a lunch break and left the cattle on their own. They had access to green grazing and water downstream. I issued him with a warning to never leave the cattle unsupervised as they run the risk of road safety.
