General Report Comments: A tenant at the house named Samantha did not want to give us access to the house after phoning the owner of the house. She did not want to give me the owner's contact details but said I could leave my contact details for the owner to call me back. There were 2 brown, male, large-breed puppies in the yard that she stated that they would normally go at each making noise when play-fighting. The puppies were free-roaming and appeared to be acceptable when I saw them from the gate. I left a written warning note with Samantha for the owner to contact me within 24 hours. To follow-up
