General Report Comments: I was informed by Mr Nazir they don't have toises anymore. Their tortoise was free roaming in the yard and went missing long time ago. Apparently it was picked up by someone taken to a vet and they never got their tortoise back. I was told by Mr Nazir their animal lovers and will never harm any animals.

Mr Nazir and his wife told me they feed feral cats that keep on coming in their yard. They saw other two males unsterilised which they are currently feeding. I told them they can come to the Sandton SPCA get traps so that they can be sterilised or call me should they need any help TNR.

I saw school of fish:- gold fish about 14 inside a man made pond. And variety of birds× 4 (African grey, green-cheeked , cunure X2 kept in different inclosure with food, water and shelter provided. One domestic cat Mohana tortie 2 years sterilised.
