General Report Comments: On arrival at the property, the owner's spouse came to the gate and she said she cannot open the gate for me without her partner's consent. I asked her to contact him but while I was busy talking to him over the phone the dogs("Scar" & "Blacky") got into a fight. Without any delay, they let me enter the property to try and separate the fighting dogs."Blacky" sustained serious injuries and needed to be taken to a vet. The dogs were finally separated, the owner, Mr Mbulelo Nyathi was phoned back to explain the intensity of the situation and I had to convince him to sign over 2 dogs to the Sandton SPCA. 2 dogs; "Snowy" and "Scar" which had severe wounds and injuries respectively, and had to be surrendered to the Sandton SPCA and later euthanized. The dogs' general body condition appeared to be fairly fed and vigorous. I could not fully inspect their living condition of the dogs due to the injuries but a written warning was issued to the owner based on the circumstances. To follow-up.
