General Report Comments: Upon arrival at the property, Monica's husband, Gareth gave me access into the property. They own 2 dogs and 6 khoi fish. The animals appeared to be in acceptable physical condition. The dogs both had green igloo dog kennels and the yard had plenty spots for shade. The owners work from both home and office during the day and the dogs did not appear to be neglected. Photos of their living conditions taken. No violation of the Animals Protection Act was noted.
