General Report Comments: Upon arrival Igwe told me that he is no longer interested in sterilising the female dog because it is pregnant. I had to educate him that if indeed its pregnant the vet will abort the puppies and he told me it's against his culture. He said I will have to come when the puppies are 8 weeks old to sterilise the mother. He agreed to sterilise the male dog and the Sandton SPCA had to do it

ACTIONS

OTHER Male dog neutered.
