General Report Comments: Upon arrival the dogs appeared to be in good condition. The boerboel dog is kept at the front garden and the rottweiler puppy is kept at the back garden. The space which the puppy is kept is big. I had to educate the owner to keep the dog together when they are around to observe and see if they will fight because the reason for the puppy to cry in distress it's because its new into the property and its lonely were it came from it was staying with other dogs.
