General Report Comments: I was not able to get access to the house at first but I contacted Mr. Oduba who said he still in Primrose working on a site. When I got off the phone with Mr Oduba a gentleman who identified himself as the landlord's brother, Pastor John opened the gate for me. I was able to see the nursing bitch with her 6 newborn puppies in metal rondavel enclosure with sheets of cardboard/boxes laid on the floor. He made adjustments as I advised him by placing more sheets of boxes on and around the enclosure as a windbreaker. Water and food were available. There were bones on the floor and I told him not to feed the dog bones as they may attract pests by always cleaning inside the cage. The dog appeared to be in a fair physical condition. To pay him another visit in future when the have grown.
