General Report Comments: Upon arrival the Toypom was limping with a month old fracture the owner took the dog to a vet but he did not finish the treatment because he didn't have enough money. He had to surrender the dog to the Sandton SPCA. The Maltese need some grooming because it has some matted dirty first. The cross breed dog was on a static chain of inadequate length. The kennel was not adequate for 3 dogs because its only one kennel and it fits small size dogs not a medium sized dog. A warning note was issued to the owner to fix the concerns.
