VETERINARY PROBLEMS / HEALTH CO	Yes ***	Dog appeared to be stabbed but the wound is not deep
CONFINEMENT OF ANIMALS	Free roaming - in property	

General Report Comments: Upon arrival Lola had a wound which appears to be stabbed by an object. The owner does not know who stabbed the dog. I asked him if he took the dog to the vet but he told me that he has been treating the by washing it with savlon and putting a wound ointment called Supiroban. I had to give the owner a warning note to take the dog to a vet to be treated by a professional.

ACTIONS

Warning Issued VX 0749
