General Report Comments: The owner Mr Moyo was not available home still out for church but he said he will back to home later on at 18:30 when I spoke to him over the phone. I asked him to get someone to give me access to the house and he had to call out one of his tenants, Mr Njabulo Mathe to show me around the yard and I will inform him of any issues I come across. I found 3 dogs on the property and I was told that the dogs were on guard of their as crime reported to be rife in the area with break-ins, and attempted burglaries. They revealed to me that this has significantly stopped since the presence of the dogs. Mr Mathe told that the male dogs were growling at each other over the past few days for the bitch while she was still on heat. Water and feeding bowls were provided for the dogs and the main house kitchen with laid down blankets was serving as their shelter. I have informed Mr Moyo later on over the phone of my findings and offered him free sterilization along with free other pet-related benefits of the dogs at part of our Outreach program taking place between Wednesdays and Thursdays he said he will think about the idea and get back to me by the end of Monday evening. I will be checking with on Tuesday morning
