General Report Comments: The owner of the property phoned and asked me to come at her property she is back from work. Upon arrival she had 2 CAP security guards. The dogs appeared to be in good condition. No injuries were observed on both dogs. The owner agreed that sometimes they fight but not that the other gets injured. I had to educate her that sometimes keeping 2 male dogs is not good because they fight for dominance. I also educated her about sterilisation but she denied.
