General Report Comments: Upon arrival the dogs appeared to be in good condition. Frank had to show me where he keeps his dogs in the front garage. The dogs have access to outside the garage and out. He told me he keeps them at night because the neighbours complain that they bark a lot. The dogs were found at the back garden. He told me that during the day they are kept at the back . The space is very big. I had to educate him that he needs to keep them at the back.
