General Report Comments: Mr Cedric Sebasha invited me in his house to inspect the living condition of his so-called one dog, named 'Whiskey'. The dog appeared to be in acceptable physical condition. When I asked him about the dog that was limping including the bitch found on heat but he said he doesn't know where they came from. There was a water container(sauce pan) and a asbestos dog kennel. I offered sterilizing his dog on the next Wednesday the 2nd of August 2023 through our outreach program. I was later informed the our clinic that they will not be admitting any dogs for outreach program due to funding halted for this month. I told him I'll contact him if we the funding resumes.
