General Report Comments: Upon arrival the owner told me that she has never locked her dog outside the whole night because she sleeps with the dog in the same room and bed she will have noticed that the dog is not at home. She agreed that when she drives in the dog gets out and she call it and it comes back. She also told me that her dog is trained it will not run to cars. I had to educate her that she needs to make sure that when she comes in her dog does not go to the street.
