General Report Comments: Upon arrival the dog appeared to be in good condition. The owner denied hitting the dog and told me that his dog howls a lot and he shouts commanding the dog to stop. The reason for the dog to howl its because it used to be kept inside the room and they had pipe leaking and whole floor and cushions are wet. So they are now keeping the dog outside until the carpets are dry. I had to educate the owner not to shout at the dog.
