CHECKLISTS

General Report Comments: Upon arrival no boys were seen with Dogs . I had to ask a man who was at park and he told me that he saw some boys walking the dogs heading to Kensington towards Highlands road but he does not know where they were going. I went to the direction were they went to but could not find them. One of the lady I asked told me that the previous day he saw some boys with dogs fighting but a man told them he will report to the police if he sees them. I waited but they did not come. Will have to do some Pro Active check up.
