General Report Comments: MamLungile allowed me access to her house. She owns 2 dogs which were in acceptable physical condition. There were bowls of food and water provided in a spacious veranda and covered patio. There was a blanket placed at one corner for the dogs. The patio provided adequate shelter for both dogs. She said that she was reported because she had to surrender her dog to them. I offered sterilization of her dogs but she said she would think about it and call our office . No elements of compromised animal welfare found.
