General Report Comments: Upon arrival 3 dogs were observed in the property. A Pitbull male dog named Roxy was chained. He was maimed and has old scars which appears to be fighting scars. I asked Kgotatso who told me that they were given the dog with scars and it was maimed long time ago and it has healed. She told me that they do not do dog fighting. The other 2 dogs were roaming freely around the property. The property was dirty with some dog feaces which are not picked. The dogs also did not have provision of water. A warning note was issued to the owner.
