General Report Comments: The owners were not home during my visit only the kids were left with their aunt and uncle next to them. The owner of the dog, Daniel Mkhize was alleged to have gone for at least 6 days and looked his dog inside his room with no one to take care of the dog. I could not get access to where the dog is kept as it was closed off to stop all entry and exit in and out of the backyard . I also could not be able to see the living conditions of the dog from the front yard.
