General Report Comments: Upon arrival only one cat was found in the property. The cat appeared to be in a fair condition. It appeared to have an accident a long time ago and it healed because when working it shows that it had a motor vehicle accident. I asked the owner and he told me that it once had an MBA and the lady who used to look after the cat took it to the veterinary. The sick cat which was complained about was taken to the Bluehills vet and it was euthanised. I asked the owner to email me the vet report.
