General Report Comments: Upon arrival the dogs were roaming freely around the property. The owner agreed that her 2 male dogs fight and she sometimes tie Biscuit with 3 metres long rope at night at the back of the property so that they will not fight. During the day she told me she is around when they start fighting she hears them and she goes and intervene. I educated her that tying or chaining an animal is not a violation of the Animals Protection Act 71 of 1962. She surrendered the dog Biscuit.
