General Report Comments: I conducted a proactive inspection at this site, and found the security guards, Mr. Lucky Khombe, Wandile Mandla, and Senzo Khumalo on duty. Mr. Mandla and Mr Khumalo were the only 2 handling the security dogs during my visit. No documentation (or copies) relating to the dogs was presented to me. There were cob-webs at the back corner of the dog named "Romeo" cage. The cages were satisfactorily clean. Igloo kennels were still in acceptable condition. I issued a written warning advising them to relieve the dogs off their duties pending production of the relevant documents relating to the dogs to be rectified within 48 hours. To follow up when in the area
