Type:	DEAD-ON-ARRIVAL
Follow-Up Date:	
Comments:	All four dogs were found dead . Check for the poison at the property but could not find any. The other dogs were fine they did not eat the poison. They told me that they could not see who put the poison but the dogs had some noise at the gate and they came out of the room. It means the person had already put poison. I asked the owner to open a case at the nearest police station.
