CONFINEMENT OF ANIMALS	Free roaming - in property

General Report Comments: The dogs appeared to be in good condition. The did agree that sometimes his female dog barks a lot because its on heat and he has 2 male dog which are sterilised. She sometimes fights the older male when she is on heat and they had to separate them. I educated him to sterilise the female but he does not want. I also educated him that his kennel needs to mounted together the bottom and the top because they separate.

ACTIONS

NO ACTION REQUIRED

REPORT OUTCOMES

No welfare concerns found - NFA
