General Report Comments: Upon arrival 2 dogs were observed in the property. Trixi appeared to be underweight and limping. The leg appeared to be broken. The owner told me that she does not know what happened to the dog and she phoned the SPCA and told them she will bring the dog at the end of the month because she does not have money. I had educate her that the dog is suffering and she needs to surrender it to the Sandton SPCA. She surrendered the dog. Sheba appeared to be in a fair condition.
