General Report Comments: Upon arrival there were no animals in the church. The personnel assistant of doctor Xaba who is the pastor told us that the person who brought the cat was someone who was giving a tastemony of what happened in his house. The person told the church that doctor Xaba gave him some herbs to steam and to induce vomiting. The person leaves in Voslorous and had to do that in the morning before he did that he was sitting in the sitting room there were no animals in the property. After steaming and vomiting he went back were he was sitting and found the dead cat. He does not know where it came from and he does not know who killed the cat.
