General Report Comments: Upon arrival the dog was chained with 70cm chain. The place was filthy. Feaces, left over pap and bones were not picked. Water pot was empty. Neighbours came and told me that they don't want the dog because it makes a lot of noise at night . It howls the whole night. Shelter was not provided for the dog to protect it from weather elements such as sun , wind and rain. A warning was issued to the owner who was not around by the time of the investigation. Her cousin signed the dog over to the Sandton SPCA and also signed the warning.
