General Report Comments: I went to house no. 72 Melville Road, Illovo after I've had no response from the complainant. I found the helper at the house who said the owners were not home and always busy at work. She said she was instructed not let anyone into the property without their consent. I could still see 3 dogs of their dogs from the gate in acceptable physical condition. She did admit to the dogs tending to run into the street whenever a gate is open for a to drive through but would not go too far. She said they live in a car garage but I could not get a good look on the inside of the garage. I left my details with her for the owner to contact me for an appointment. To follow-up tomorrow
