General Report Comments: I met Shaun at the house as per our appointment. He keeps 2 dogs that he claimed are family dogs which belong to his brother who stays in KZN. Both dogs had a serious infection on their skin. They had kennels and a bucket of potable water available for them. Mr Desraj revealed that he was unemployed and struggling financially, so he hadn't been able to take the dogs to a vet in Turffontein. I told him that it would be best to surrender the dogs to the Sandton SPCA given his situation because the dogs would suffer if left untreated. He agreed to sign over the dogs to the SPCA. Both dogs were signed over.
