General Report Comments: Upon arrival the dogs were kept at the front of the property. The dogs appeared to be in good condition. There were 2 adult dogs and 4 puppies. I asked the owner to surrender to puppies to the Sandton SPCA and he told me he will take them to his farm when they are grown up . The other 2 puppies and 2 adult dogs he will not surrender because they are birthday present for her wife and daughter. The only concern was that the kennel was not big enough for all the dogs. He told me at night they sleep inside the house. There were feaces inside the house which proves that he is telling the truth. He also had to show me the material which he will use for building the kennel. I educated him regarding sterilising his dogs and he told me that he used for sterilising but the mom dog he and father he will speak to his wife first.
