General Report Comments: I met Mrs Yue Li at the gate, who allowed me access into the house. She owns 2 Labradoodle dogs that sleep inside the house with accessible potable water and food indoors. Both dogs appeared to be in acceptable physical condition. When I asked them about the reported incident, they did not seem to be aware of it do admit to the dogs running out whenever they are driving out. They were advised to install the second gate to prevent from happening again. No violation of the APA found
