General Report Comments: The owner was not found at the flat but I could see the dogs(4) in the building front garden. The dogs were held in an open third quarters of the flat corner. My impression about the enclosure was dirty and poor hygiene. I spoke to the security/building caretaker who gave me the owner contact details. I contacted the owner to inform him about my visit and still left a written warning for him sort out the dogs' living condition while we made an appointment to meet tomorrow at 14:30
