General Report Comments: I met the owner the of the house and the dog, Mr Kurt Herbold who invited me inside his house to inspect the dogs. He owns 2 sterilized Pitbull dogs kept at the back of the yard securely separated from the main and front yard. They both weatherproof kennels at the back gated on either side of the house. Teir living space was adequately open for running and playing . I asked the owner about the incident and stated that they owned up to their mistake by compensating the victim after their 13-year-old son accidentally lost control of the male dog who managed to escape into the street. The victim's owner was approached for this incident and the matter was resolved accoding to Mr Herbold. No animal welfare issues found. Owner was educated.
